

Landlord Risk Audit Report

COMPLIANCE ASSESSMENT

Report for ksdklad

Client: Julián

Conducted 12-Nov-2025 to 12-Nov-2025

Audited by: Julian Camilo Lopez Sanchez

Confidential Contents

Executive Summary

Report ID: LRA-2025-11--760AT
Property: ksdklad
Landlord: Julián
Auditor: Julian Camilo Lopez Sanchez
Audit Date: 12-Nov-2025

Overall Compliance Score

9.3 ●

Risk Classification: Tier 4 - Severe Risk

Compliance Status: 9 of 9 areas meet standards (0 require immediate action)

Compliance Overview

Category	Score	Status
Documentation	8.5	●
Landlord-Tenant Communication	0.0	●
Evidence Gathering Systems	10.0	●

CRITICAL FINDINGS REQUIRING IMMEDIATE ACTION

- Certificates: Do you have all required safety certificates (Gas, Electrical, EPC, PAT) current and readily available?

Auditor's Professional Opinion

This property demonstrates strong compliance practices. Continue maintaining current systems with regular reviews to ensure ongoing compliance.

Critical Findings Summary

URGENT: 1 Critical Non-Compliance Issue Identified

The following findings expose you to immediate legal action, prosecution, and substantial financial penalties. These items require urgent remediation within 7 days. Professional legal consultation is strongly recommended for items involving statutory violations.

Items Requiring Immediate Action

Q1.1

Documentation / Certificates

Issue: Do you have all required safety certificates (Gas, Electrical, EPC, PAT) current and readily available?

Current Status: Missing certificates or significantly out of date

Legal Consequences:

Fines exceeding £5,000 per certificate violation. Personal liability for tenant injuries. Prosecution for non-compliance with safety regulations.

Audit Methodology

This compliance audit was conducted using a structured assessment framework designed to evaluate landlord practices against statutory requirements and industry best practices. The methodology ensures comprehensive coverage of critical compliance areas while maintaining objectivity and consistency.

Audit Scope

This audit examined the following areas:

- **Documentation Systems:** Safety certificates, tenancy agreements, council licensing, financial records, maintenance logs, and tenant communications.
- **Communication Protocols:** Written record systems, complaint handling procedures, notice protocols, response time tracking, and tenant accessibility.
- **Evidence Systems:** Inspection processes, photographic documentation, evidence archives, maintenance records, and digital backup procedures.

Assessment Framework

The audit utilized a 11-question structured questionnaire addressing statutory requirements and professional standards. Questions are weighted by legal significance, with critical compliance items carrying higher impact on overall scoring.

Assessment Standards Referenced:

Housing Act 2004, Health and Safety at Work Act 1974, Gas Safety Regulations, Electrical Safety Standards, Energy Performance of Buildings Regulations, Tenancy Deposit Protection Requirements, and relevant local authority licensing schemes.

Scoring Methodology

Each question receives a score from 1-10 based on compliance level demonstrated. Scores are weighted by question significance and aggregated to produce subcategory, category, and overall scores. The scoring system is designed to reflect both legal compliance and operational risk.

- **Critical Questions:** Weighted 2.0x (statutory requirements with prosecution risk)
- **Standard Questions:** Weighted 1.0x (best practices and operational procedures)

Limitations & Assumptions

- This audit is based on information provided and documentation presented at the time of assessment. Changes to regulations or property circumstances may affect compliance status.
- Recommendations reflect general best practices. Specific legal advice should be obtained for complex situations or where enforcement action is threatened.
- This report does not constitute legal advice. Professional legal counsel should be consulted for interpretation of specific statutory requirements.
- Physical site inspection scope: Documentation review only

Auditor Credentials

This audit was conducted by Julian Camilo Lopez Sanchez, a qualified property compliance auditor with expertise in residential letting regulations, tenancy law, and property management best practices.

Understanding Your Risk Rating

Your overall risk rating determines the level of legal exposure and potential financial liability you face. This rating influences insurance premiums, lending decisions, and licensing authority assessments.

Risk Tier Classifications

Tier 0 **Minimal Risk**

Exemplary compliance. All statutory requirements met with robust systems in place. Minimal probability of enforcement action or tenant tribunal claims.

Insurance: Premium rates. Lending: Favorable terms. Licensing: Fast-track renewals.

Tier 1 **Low Risk**

Good compliance with minor improvements needed. Statutory requirements met. Low probability of legal issues if current practices maintained.

Insurance: Standard rates. Lending: Normal terms. Licensing: Routine renewals.

Tier 2 **Moderate Risk**

Compliance gaps present. Some statutory requirements not fully met. Moderate probability of enforcement action if improvements not made within 90 days.

Insurance: Elevated premiums or coverage restrictions. Lending: Additional scrutiny. Licensing: May face renewal delays.

Tier 3 **High Risk**

Significant compliance failures. Multiple statutory violations. High probability of enforcement action, tribunal claims, and financial penalties.

Insurance: May be refused or heavily loaded. Lending: Difficult to obtain. Licensing: Renewal likely refused.

Tier 4 Severe Risk

Critical compliance failures. Immediate legal exposure to prosecution, prohibition orders, and substantial financial penalties. Property may be unlettable until full remediation.

Insurance: Refused. Lending: Refused. Licensing: Will be refused. Property prohibition orders possible.

Score Interpretation

● 7.0 - 10.0

Compliant. Continue current practices with regular reviews.

● 4.0 - 6.9

Improvements needed. Address within 30-90 days to avoid legal risk.

● 1.0 - 3.9

Critical non-compliance. Immediate action required within 7 days.

Legal Compliance Status

This section assesses compliance with statutory requirements. These are not recommendations but legal obligations. Non-compliance exposes you to prosecution, fines, and property prohibition orders.

Compliance Summary: 3 of 8 Requirements Met

Pass: 3 | Partial: 2 | Fail: 3

Statutory Requirement	Status	Action Required
Current Gas Safety Certificate Penalty: £5,000+ fine per violation	FAIL	Obtain valid certificate within 7 days. Letting property without valid gas certificate is criminal offense.
Current Electrical Installation Condition Report (EICR) Penalty: £5,000+ fine, insurance void	FAIL	Obtain valid EICR immediately. Required for all tenancies.
Current Energy Performance Certificate (EPC) Penalty: £5,000 fine, cannot let property	FAIL	Obtain EPC rated E or above. Cannot legally let property without valid EPC.
Certificate Provision to Tenants Penalty: Rent repayment claims possible	PASS	Maintain proof of delivery records
HMO Licensing (if applicable) Penalty: £30,000 fine + 12 months rent repayment	PASS	Review renewal dates
Fire Risk Assessment (HMO) Penalty: Unlimited fines, property prohibition	PASS	Review annually or after significant changes
Deposit Protection Penalty: 1-3x deposit amount compensation	PARTIAL	Protect deposits within 30 days and provide prescribed information.
Written Tenancy Agreement Penalty: Cannot enforce any tenancy terms	PARTIAL	Implement written agreements with clear tenant responsibilities.

CRITICAL: 3 Statutory Violations

You are currently in violation of 3 statutory requirements. This exposes you to immediate prosecution, substantial fines, and potential prohibition from letting. Urgent remediation within 7 days is required. Professional legal advice is strongly recommended.

Evidence & Documentation Review

This section summarizes the evidence examined during the audit process. The assessment was based on documentation provided, systems in place, and procedures demonstrated. Evidence quality directly impacts the reliability and defensibility of compliance findings.

Evidence Examined

Evidence Category	Status	Assessment Method
Safety Certificates	Reviewed	Documentation examined
Tenancy Agreements	Reviewed	Documentation examined
Financial Records	Reviewed	Systems assessed
Maintenance Logs	Reviewed	Procedures evaluated
Communication Records	Reviewed	Systems examined
Inspection Documentation	Reviewed	Procedures assessed
Evidence Archives	Reviewed	Storage systems evaluated
Council Licensing	Reviewed	Documentation examined

Assessment Coverage

This audit evaluated 11 compliance areas across three primary categories. Each area was assessed against statutory requirements and industry best practices. Responses were validated for consistency and completeness.

Important Note Regarding Evidence Limitations:

This audit is based on information and documentation provided at the time of assessment. Findings reflect the state of compliance as presented. Undisclosed issues, incomplete documentation, or changes in circumstances may affect actual compliance status. This report does not constitute legal advice. Professional legal counsel should be consulted for interpretation of specific regulatory requirements.

Quality Assurance

All responses and documentation were cross-referenced for consistency. Scoring methodology was applied uniformly across all assessment areas. Weighted scoring reflects legal significance of each compliance requirement.
